## CELEBRATIONS IN SCHOOL

# ALLURI SITARAMA RAJU

( 4 July 1897 - 7 May 1924 )

The Indian revolutionary led the Rampa Rebellion of 1922.

Alluri Sitamaraju was an Indian revolutionary involved in the Indian independence movement. He fought against the British for the interests of tribal people through Rampa rebellion. He sacrificed his life at a very early age of 27 years for the sake of the nation. His life and his ideals continue to be a source of inspiration for all of us to fight the negatives in us and march towards a prosperous future.

To instill this spirit of fortitude in students, Alluri Sitamaraju Jayanti is celebrated at Bharatiya Vidya Bhavan's Residential Public School, Rajahmundry. Chief Guest Sri M.S.R. Indra Raju and Sri M.V. Soorian, Principal, started the program by lighting the lamp and paying floral tributes to the revolutionary leader. Chief Guest Sri M.S.R. Indra Raju addressed the gathering and suggested the students to follow the path of Alluri Sitamaraju to fight against all negatives and walk towards prosperity.

# WORLD ZOONOSSES DAY

06th July, 2025

## Awareness Programme on Zoonosis Day:

On 6th July of this current year, World Zoonoses Day 2025 is observed all over the world as a public awareness event. Every year on June 6th, World Zoonoses Day is commemorated as the anniversary of the first-ever vaccine given for any zoonotic disease way back in 1885.

On the occasion of World Zoonoses Day-2025, Dr. B. Aruna Devi, Veterinary Doctor from Rajahmundry graced the event as Chief Guest in Bharatiya Vidya Bhavans Residential Public School, Rajahmundry and addressed the students in the Morning Assembly. She delivered a speech on the deadly zoonotic disease, rabies and the mosquito borne diseases. She explained the role of vaccination in prevention of rabies as there is no known treatment for rabies, which is 100% fatal once the symptoms appear. In addition, she focused on the preventive measures we can adopt to protect ourselves from mosquito borne diseases. A total of 421 students were benefitted from the awareness program. Mr. V. Gopikanth, Mentor of Bhavan's Rajahmundry had preceded over the occasion.

# AI IN EVERY CLASS

"In every class, in every way,  
AI is here to help today.  
Not just in tech or robot zones—  
It walks with us in thoughtful tones.

In science, it can help us find  
The secrets of the human mind.  
It maps the stars and charts the seas,  
It tracks the flight of honeybees.

In math, it counts, it sorts, it learns,  
It solves equations, twists and turns.  
Patterns, graphs, and data streams—  
AI makes sense of math and dreams.

In history, it digs the past,  
From ancient scrolls to wars fought fast.  
It reads old texts, it brings to light  
Forgotten truths from darkest night.

In language, it can write and speak,  
Translate a thought in just a tweak.  
It helps us talk, connect, and grow—  
Across the globe, ideas flow.

In art, it paints with bold delight,  
Composing songs, designing light.  
It blends the brush, the code, the soul—  
A silent artist on patrol.

In health, it learns to read the signs,  
In scans and cells, in heart's designs.  
It helps the doctors see ahead,  
To heal the hurt, to raise the dead.

From classroom walls to outer space,  
AI finds a working place.  
But still, it needs the human spark—  
The curious mind, the question mark.

So let it guide, but let us lead,  
With heart and thought and lifelong need.  
Together we can shape the age—  
With AI as our learning stage.

## WARS

War is loud and full of fear,  
It brings pain to all who hear.  
Homes are gone and skies turn grey.  
Peace and joy are chased away.

Soldiers march with heavy feet.  
In the cold or burning heat  
Friends are lost and tears will fall,  
No one wins when lonely do call.

When the fight is finally done,  
We all wish it had not begun.  
Let's build a world both safe and bright,  
Where kindness shines and wrong turns right.

# JULY

July arrives on summer's breeze,  
With sunshine dancing through the trees.  
The skies are wide, the days are long,  
The air is filled with laughter, song.

Fireworks bloom in starry skies,  
As freedom's flag begins to rise.  
We gather close on picnic ground,  
With joy and family all around.

The sun beats strong on golden sand,  
With melting ice cream in our hand.  
The pools are bright, the grills are hot,  
Adventure waits in every spot.

The gardens burst with red and green,  
Tomatoes ripe, and fields so clean.  
The world feels full, alive, and wide—  
With every dream we kept inside.

But soon July will fade away,  
As August whispers in to stay.  
So soak the sun, embrace the sky—  
Live every moment of July.
